About the Project

Layan is an upscale, French-inspired gated residential sanctuary spanning 233 acres, engineered with low building density and dedicated largely to lush greenery, manicured French gardens, and expansive water bodies. The community features three state-of-the-art clubhouses, semi-Olympic and recreational swimming pools, athletic courts (tennis, football, basketball), fully equipped fitness and spa centers, jogging and cycling trails, a boutique commercial and retail strip, designated parking spaces, and 24/7 smart gated security with access control.

Concept

Spanning a generous 266 m² build-up area on a 245 m² plot, paired with a substantial 160 m² private garden and a 100 m² open-air rooftop terrace, this townhouse delivers the complete privacy and expansive indoor-outdoor lifestyle of a standalone villa. Delivered turnkey fully finished with immediate move-in readiness, it eliminates contractor management, renovation downtime, and escalating fit-out expenses. Coupled with the distinct pricing advantage of an unencumbered direct cash acquisition, it stands as an elite family residence and a solid capital asset in the Golden Square.
